## INTRODUCTION :

Mia Kinsch shows the universe she carries within her. She creates colourful, naive and expressive works of art that are inspired by nature and the body. Her artistic practice explores the place of women in our society, their rights and gender inequalities. It also allows her to digest her experience and express it in a meaningful way. The naked body and its relationship to her own body has a great place in her work. Through art, she seeks a liberating practice where she dictates her choices. Mia is passionate about the body and what it represents, how we are perceived, in her case as a woman. It's an exploration of the boundaries that surround the body today.

Mia Kinsch is a Luxembourg artist. She studied and lived in Belgium and returned to Luxembourg this year. She has a degree in graphic design and is an independent artist focusing on painting. She has collaborated with Fairtrade, JIF Luxembourg, Lëtzebuerger Land, OUNI, ... Mia recently illustrated the new edition of «Reenert» and participated in exhibitions in Brussels and Luxembourg over the past two years. In addition to her own art, she runs workshops and has worked as a part-time assistant in a gallery.
