INTRODUCTION :

With the support of Kultur|lx, we are proud to represent Ugo Li and Chantal Maquet at the eleventh edition of POSITIONS Art Fair in Berlin at Tempelhof Airport Hangar 6-7.

At POSITIONS Berlin Art Fair 2024, 111 international galleries from 24 countries were once again showcasing their most important positions in contemporary and modern art. A particular focus this year was on galleries and artists from South Korea. With an overwhelming response attracting over 30,000 visitors, POSITIONS Berlin Art Fair continues to be a vital cornerstone of the Berlin art scene at the start of the autumn season. The selected galleries have the opportunity to present their artistic programs and perspectives to a broad international audience during the Berlin Art Week.
